

SERGIOUS WITTE ARRIVES IN NEW YORK

Russia's Great Diplomat Comes to Take Part in Conference That Means End or Continuance of War in Far East

NEW YORK, Aug. 2.—Clothed with plenary powers, personally prepared and signed by his sovereign, Sergius Witte, the Russian ranking plenipotentiary to the Washington conference, landed from the Kaiser Wilhelm der Grosse as quietly and democratically as the most humble of his fellow passengers today.

Mr. Lodyginsky, the Russian consul general, went down to the harbor in a revenue cutter officially to greet the distinguished envoy and was received by Mr. Witte on the deck while the steamer was in quarantine.

When the steamship Kaiser Wilhelm der Grosse arrived at its pier Sergius Witte, the Russian statesman handed to Professor De Martens a statement which De Martens read aloud:

"For the friendly greetings of the American newspapers, upon my first visit to the hospitable shores of the United States I offer heartfelt thanks. This kind attention touches me all the more profoundly because I realize the vastness of the power wielded by the press and admire the keen intelligence with which it is uniformly directed.

"One of the noblest of these aims is the establishment of peace and friendship among the nations and it is to the praiseworthy efforts of the people of the United States in this direction that my visit to the new world is attributable. For it is in compliance with the American people's desire for peace of which President Roosevelt was the authorized exponent, that his majesty, the Czar, has empowered me to come hither and ascertain the conditions which our gallant adversary deems necessary and adequate as a basis for the peace negotiations."

HEALTH OFFICERS UNEARTH DENS OF FILTH

Dr. Robinson Personally Searches For Sources of Disease and Finds Many Nuisances Within City Limits

Three cases of diphtheria are reported in Reno. They are located in the Hadden home on South street. A strict quarantine has been placed on the house and the health officers are confident it will not spread. The dread disease is thought to have been caused by filth in that neighborhood and yesterday Dr. Robinson made a thorough inspection of the district bringing to light three cases where laws of sanitation are being violated. In one instance the case was so aggravated that Dr. Robinson issued peremptory orders to abate it.

The case is on South street below Truckee on a place owned by Joe Curry, a hog raiser. Curry's place from end to end is a mass of filth and literally a pest hole of disease. Swill, decaying vegetation, slimy pools and other dirt are everywhere in evidence, despite Curry's protest that he has been cleaning his yard daily. The stench from the yard where the swill is dumped was almost unbearable yesterday. Curry promised to clean the place. It is located well within the city limits, but strange to say it was not until yesterday that the health officers learned of it.

A woman named Mrs. Kate Bracken owns the place adjoining. Water from leaking flumes and ditches has flooded the land in one place, making a stagnant pool, which, in Dr. Robinson's opinion, was sufficient to have caused the three cases of diphtheria only half a block away. In the lot an outhouse, filled with rotten eggs and other filth, was also discovered. These nuisances were also ordered abated.

The property owned by H. C. Barton, on the corner of South and Pine streets was also found to be in an unsanitary condition. Large pools of stagnant and foul-smelling water surround the barn, covering the manure-coated ground to a depth of several inches in places. The owner disclaimed responsibility for this condition, claiming that it was the fault of the ditch company. However, notice was served to clean up and if the orders are not promptly heeded Dr. Robinson states he will immediately bring criminal proceedings against all offenders.

"It is from conditions such as were found today," said Dr. Robinson, "that diphtheria is caused. The fact that the only three cases in Reno are practically in the center of the piles of filth we found today is pretty conclusive evidence of what has caused the sickness. If proper sanitary rules are followed there is no need to fear a spread of the disease, and the health board will use every effort to see that the rules are observed."

OPERATORS TIE UP THE NORTHERN

Big Railroad Practically Crippled by the Strike of Telegraphers, While the Troubles of the Rio Grande Will Begin Early This Morning

SAN PAUL, Aug. 2.—With the telegraphers almost to a man remaining loyal to their union chiefs, and the railway officials making every effort to maintain traffic, the telegraphers' strike on the transcontinental systems of the Great Northern and Northern Pacific roads has taken on the aspect of a war to the finish.

Hundreds of men have gone out on both lines, necessitating the closing of scores of stations and immense hindrances caused in the moving of trains.

Through passenger trains and time freights, by great effort, have been kept on almost time schedules, but attempts have principally been abandoned to maintain the local freight and passenger service.

ABANDONED CLAIM GIVES UP SNUG FORTUNE

Frank Baker of Virginia City Takes Out Fifteen Tons of Ore on Brunswick Lode Returns Netting Him a Cool \$17,000

Special to The Journal

VIRGINIA CITY, Aug. 2.—Frank Baker, one of the old time miners and prospectors of this city today received \$17,000, the net returns from fifteen tons of ore taken from an abandoned claim on the Brunswick lode. Baker, who has heretofore not been possessed of an over supply of this world's goods, had been working the claim for some time. He encountered the pay streak several days ago and in a short time had taken out the shipment from which returns were received today. The ore was treated in the canyon below here. It is understood more pay rock.

As a result of his rich find the companies surrounding him are preparing to open up their properties.

Nelson Leaves for City.

Special to The Journal.

TRUCKEE, Aug. 2.—Battling Nelson and his manager, Bill Nolan, left here today for San Francisco, after spending a week's camping trip into the mountains.

DENVER, Aug. 2.—The strike of the International Brotherhood of Maintenance of Way employees of the Denver and Rio Grande railroad went into effect at 6 o'clock tonight. It cannot be definitely known until the regular hour for reporting for duty tomorrow morning how extensively the track men on the Rio Grande have obeyed the order.

The officials of the road declare they are not worrying over the situation and that they do not believe that any of the section foremen intend to strike.

President Wilson of the brotherhood is in charge of the strike. He is firm in the belief that the 1800 men who signed the strike order will go out to a man, and that he will tie up the road with little indications of trouble here.

SOUTHERN PACIFIC ISSUES DRASTIC ORDER

All Present Employees of the Company Must Be Examined, Mentally and Physically, in Order to Retain Their Positions

SAN FRANCISCO, Aug. 2.—General Manager Calvin of the Southern Pacific has ordered an examination of the men employed in every branch of the operating department.

Every man who has anything to do with the handling of trains will have to submit to an inspection which will include a thorough test of the sight, especially as to color, the sense of hearing and the general physical condition.

To facilitate the examination special cars in charge of assistant surgeons on the various divisions will be sent over the lines.

Methodists May Consolidate

PITTSBURG, Aug. 2.—The joint committee of the Methodist Protestant, Congregational and United Brethren churches met here today. After discussing informally the question of consolidating the denominations it was decided to gather at Dayton, Ohio, during February, 1906, to take formal action on the matter.

ROULETTE GAME IS "TRIMMED" FOR \$700

Sharers Plug the Boxes in the Wheel At Overland and Rake in Neat Pile Before They Are Detected in Clever Swindle

To the tune of seven hundred dollars or more the roulette wheel in the Overland hotel has been "loused" this week. The amount is probably more, for it was not until yesterday about noon that Jeff Clay, the dealer, in starting to work discovered the little leaden plugs skillfully colored and paled in the black compartments of the wheel. A well-dressed stranger who was playing at the time immediately cashed in his checks and left. The wheel was examined and it was found that each of the eighteen black compartments in the wheel had been tampered with so skillfully that only the shrewdest could detect the deception.

Every effort has been made to keep the news quiet, for a gambler, above all else, dislikes the notoriety of having it known that he has been robbed. The trick is thought to have been the work of a clever gang of sure-things men now operating openly in the city of Reno. They have plenty of money, wear good clothes and apparently do no work. The men are strangers in Reno but are said to be among the cleverest confidence operators in the country.

By leading the black compartments of the wheel they practically made it a sure winning game for themselves. The lead has the effect of deadening the ivory ball causing it to fall "flat" whenever it strikes the black compartments. As the other colors are evenly divided between red and black the game's percentage was practically overcome, the player winning nearly every bet made. The wheel was probably plugged sometime after the game was closed, or during the temporary absence of the dealers. The proprietor yesterday refused to discuss the matter, simply admitting that he had been "taken in."

Magnetic Survey of Pacific Ocean

SAN FRANCISCO, Aug. 2.—The magnetic survey of the North Pacific ocean is to be inaugurated within a few days by the department of international research in terrestrial magnetism of the Carnegie institution of Washington. A wooden sailing vessel, the brig Gallie, has been fully equipped for the purposes of the expedition at this port, and it is expected that she will sail the latter part of the week on the first season's work. The object of the expedition is to secure precise data upon the distribution of magnet forces over the Pacific ocean. The initial allotment of \$20,000 is made to cover the expenses for the current year. The first cruise will be from San Francisco to San Diego, to Honolulu and back to San Francisco.

WEATHER AIDS IN THE WORK OF DEATH

Number of Yellow Fever Fatalities Increased in New Orleans Yesterday Though There is No Need For Fear

NEW ORLEANS, Aug. 2.—Today's report of the yellow fever situation shows a gain in the number of deaths, but the health authorities confessed to no alarm over the situation and said that more fatalities were looked for from the fact that in the past three or four days there had been a sufficient increase in the number of cases to warrant the expectation of heavier mortality.

The high temperature succeeded by a heavy precipitation and cooler weather produced a climatic condition also favorable to fatalities.

Practically all the deaths were of Italians and nearly all of them were either in the emergency hospital or the district adjacent thereto.

There is no attempt to conceal the fact that the extent of the fever shows a serious state of affairs, but there is believed not to be any justification for the terror which seems to have spread over the country outside of New Orleans.

LITTLE ROCK, Ark., Aug. 2.—To enforce the state quarantine guards composed of state militiamen are to be placed on all trains entering the state and at all river landings.

Successful Test of Wireless Telegraphy

HONOLULU, Aug. 2.—The transport Solace, which has arrived here, reports having had a successful wireless communication with Honolulu while 160 miles from here. This is the best wireless record ever reported here.

The Solace will depart next Saturday and will begin trying to get into communication with San Francisco while 500 miles out, that being the distance at which the Solace first attempted to communicate with Honolulu.

HART WILL BE IN HIS CORNER

Heavyweight Champion to Second Jack Roberts in His Fight With Young Kid McCoy

Jack Roberts, who is to meet Young Kid McCoy in a 20-round contest at Truckee on August 19, received a telegram yesterday from Marvin Hart, who on July 3 won the world's heavyweight championship in this city, stating that he would be in Reno on August 18, and would second Roberts in his fight with McCoy.

Both Roberts and McCoy are training hard for their fight. As the first contest among featherweights to be pulled off in this section for a long time, the fight promises to elicit no little interest among the devotees of the ring.

Hart does not expect to take on any fights until late in the fall, when he declares that he is open to all engagements, that he will meet all comers who have any look in on the championship game. In an interview in Chicago Hart gave out the following statement respecting his plans:

"I do not expect to fight until late in the fall. I wrenched my back while exercising out at St. Matthews shortly after I returned from Reno. I do not propose to take a chance of any sort. While I do not claim the championship, I am willing to defend the title, but I am going to be in first-class shape whenever I meet anybody in the ring. Honest, I think Gus Ruhlin, Mike Schreck, Bob Fitzsimmons, Frank Gotch or any of the other so-called claimants for the title would be 'pie' for me, but I am not going to take a chance of being whipped by starting out of condition.

"I want my friends to know that any time I start I am in the best possible shape to win, and that when I enter the ring I will give them a run for their money. I expect to stay around my farm for several weeks, and if the proper inducements are offered I will go to San Francisco in September and fight either Ruhlin or Schreck."

WORRYING IS NOT NECESSARY

Journal's Oldtime Correspondent Gives Some Soothing Advice to Timid Bondholders

Editor Journal—There seems to be considerable fear among timid bondholders and other superstitious people that the production of gold is increasing too fast for the public good. Perhaps the best way to allay the fears of these timid absorbers is to give them a little information about the rapid increase of a few other items as compared with gold. So here goes. The total production of gold for the entire world for the year 1904 was less than \$400,000,000.

The amount of real estate mortgages on the little spot of ground occupied by New York city, placed on record during the year 1904, exceeded \$400,000,000.

The total stock of gold of all the countries of the world combined is less than six billion dollars.

The monetary liabilities of the people and corporations of the little state of New York exceed seven billion dollars.

The entire stock of gold and silver of the planet earth available for monetary use is less than eleven billion dollars.

The liability of the banks in the United States to stockholders and depositors exceed fourteen billion dollars.

The yearly increase in bank deposits in this country alone is far greater than that the world's yearly production of gold and silver combined.

It may be that financial obligations are increasing forty times faster than the production of gold that they will keep quiet and allow the production of both metals to increase as rapidly as possible.

OLINGHOUSE IS AT FEVER HEAT

Rich Shipment Made From Ingalls Mine and Big Bovee Strike is Talk of the Camp

Mining men in the White Horse district are awaiting with much interest a report on the return of three shipments of exceptionally rich ore made by J. A. Ingalls, from his original discovery mine, the wealth of which first attracted general attention of the mining world to the new bonanza camp. Mr. Ingalls made three shipments of four tons each to the Bingham Smelter at Salt Lake, the second to the San Francisco smelter and a third to the Western Ore Purchasing Company in this city. The shipment was made in 15 pound sacks, and was sorted out and graded into three classes of ore.

While Mr. Ingalls was quite reticent regarding making any statement regarding his expectations of his returns, it is believed that the ore will all average largely in excess of \$1000 per ton.

"From the first," said Mr. Ingalls, speaking of the matter last night, "I have been very careful not to exaggerate either the contents of our property or any of the other mines in the district. I believe that nothing is to be gained by making enlarged reports, and I would prefer to wait until we receive a report from the ore before making any statement.

"In making the three shipments we are experimenting with a view to determining the most advantageous point for making shipments of this kind. We expect to get returns tomorrow from the shipments made to the Western Ore Purchasing Company.

"For some time past our attention has been devoted to blocking out and developing the property. From now on regular shipments will be made from the mine."

Some Men Who Get Big Pay.

It is a fact, we believe, that some of the greatest prizes in the banking and insurance world fall to those who are grave to the point of solemnity, weighty to the point of Falstaffian alacrity in sinking, says the New York Post. You will encounter a sombre gentleman of mutton-chop-whisker regularity of countenance and of a mind of which ideas rebound as of Harvey-ized steel and you will be astounded to learn that he is in charge of some great bank or trust company, and getting a salary of \$35,000 a year. But he earns it—earn it by inspiring security, by looking wisely mediocre, by keeping his name clear at once of scandal and of glided society, by being square-toed and common place and dull. Ah, people, platitudes written on that brow, no secret orgastic pleasures behind that fishlike eye; and they shower their savings and their confidence upon him.

TRAINS TO RUN IN THREE WEEKS

Hazen Cutoff Expected to Be Completed By August 20 With Daily Service Between San Francisco and Tonopah

Work on the Hazen cutoff is progressing very rapidly at present and an extra force of men has been put on. It was announced by the railroad company yesterday that trains are expected to run over the new road by the 20th of the present month.

Two passenger trains will be run daily from San Francisco to Tonopah and return. These trains will be what are now the local trains, 13 and 14. It is not thought any change in their time between Sparks and San Francisco will be made. Instead of cutting out at Sparks the trains will run through to Tonopah. Freight trains will be run in accordance with the freight traffic.

The telegraph line from Hazen to Tonopah is now being constructed and will be completed at the same time the road is ready for use. All trains will be operated from the office at Sparks by the main line dispatchers.

Ray Kirk, the well-known machinist is laying off for a few days on account of a sprained wrist.

VALUE OF PROPERTY WILL NOT BE RAISED

Assessor Beard arrived in town yesterday for the purpose of assessing the value of property belonging to the citizens of Sparks. Mr. Beard will be in this city every afternoon during the next two weeks and may be found at the justice court room.

Mr. Beard stated that the 10 per cent raise in the valuation of property in the county will not be maintained in Sparks this year. The property will be assessed at its former valuation.

Sent to the Hospital.

E. G. Jackson, an employe at the roundhouse was taken to the hospital at San Francisco last night. He has been sick for some time and his illness lately developed into a severe case of malarial fever. He was accompanied to the hospital by his brother, Joseph Jackson.

Will Visit California.

Thomas Heaney has secured a short leave of absence from his duties at the machine shop and will leave in a few days, accompanied by his family, for Antelope, Cal. They will spend his vacation visiting relatives at that place.

Bowling Contest Sunday.

Bowling will be one of the chief features at the Wallstab establishment next Saturday and Sunday. A contest open to all will be held on the alleys. Suitable prizes will be awarded to those making the two highest scores.

Oscar Hildebrandt, the reliable piano tuner, has returned from his southern trip. Honest work guaranteed. Leave orders at Jeff Brooks'.

Wieland's Park now open; fare 5c

BASEBALL AT LINCOLN PARK

Teams Representing the Gimmie Club and Boilermakers Will Cross Bats Sunday Afternoon.

Local fans will be given an opportunity of witnessing a game of ball next Sunday without traveling to the state park. The Gimmie club team and the Boilermakers will cross bats at Lincoln park at 2:30 in the afternoon. The game promises to be one of the best of the season as each team contains several stars of the diamond and they have been practicing constantly for the past few days.

Considerable rivalry exists between the opposing nines and much money has been wagered on the result. The teams will line up as follows:

Gimmie club—McKinney, catcher; Thomas, pitcher; McGrath, first base; Shelley, second base; Sullivan, third base; Bateman, short stop; Williams, left field; McGraw, right field; Duffy, center field; Young, water carrier.

Boilermakers—Hildebrandt, catcher; Cox, pitcher; Murphy, first base; Fisher, second base; Walsh, third base; Gronshehl, short stop; Parks, left field; Farrel, right field; Grant, center field; Gilneagh, water carrier.

CITY ORDINANCE NO. 37.

An Ordinance Granting a Franchise, Right, Privilege and Permit to the Hunter Creek Water Company, Its Successors in Interest, and Assigns to Lay, Construct, Maintain and Operate Water Pipes in All the Streets, Avenues, Highways, Alleys, and Other Public Places of the City of Reno, and to Sell Water to the Inhabitants Thereof, and to Said City, Specifying the Time, Terms, and Conditions Upon Which the Said Franchise is Granted.

The City Council of the City of Reno do ordain:

Section 1.—That a franchise, right, privilege and permit be granted by the said City of Reno to the Hunter Creek Water Company, a corporation existing under and by virtue of the laws of the State of Nevada, its successors in interest and assigns, to lay, construct, maintain, and operate water pipes under ground, with all necessary appliances connected therewith, in all the streets, highways, avenues, alleys and other public places of the City of Reno, and in any and all the additions of the said City of Reno, which may hereafter be created during the existence of the said franchise, right, privilege, and permit hereby granted, and to sell water to the inhabitants of said City of Reno, to said city and to the inhabitants in any and all of the additions of said City of Reno, which may hereafter be created during the existence of said franchise, right, privilege, and permit, for a period of ninety-nine years, upon the terms, conditions, restrictions and limitations hereinafter set forth.

Section 2.—That franchise, right, privilege and permit is granted to the said Hunter Creek Water Company, its successors in interest, and assigns, subject to all conditions, restrictions, or limitations contained in the constitution and laws of the State of Nevada, or in the Charter of the City of Reno, and upon the following conditions:

First.—That the laying, maintaining, repair and operating of said water pipes shall be under the reasonable direction of the City Engineer of said city, and under the control of the City Council, and in accordance with the Charter of the City of Reno.

Second.—That such laying, maintaining, repairing and operating of said water pipes shall be done without unnecessary damage or injury to the paving, planking, macadamizing or other improvement, and shall leave the same in as good condition as when found, and without unnecessary interference with the constant public use of the streets, avenues, highways, alleys, or other public places wherein said water pipes shall be laid, maintained, or operated, or to public or private property adjacent thereto.

Third.—Nothing herein contained shall be deemed to be a waiver by said city, or City Council of the City of Reno, of its right to impose upon said franchise and the property owned, held or operated by said Hunter Creek Water Company, its successors in interest and assigns, or the business thereof, any license tax that may be allowed by law, or fixed and determined by ordinance passed and adopted, or which may hereafter be passed and adopted by the City Council of said city.

Fourth.—Said Hunter Creek Water Company, its successors in interest and assigns, shall furnish said City and its inhabitants with an abundant supply of good wholesome water.

Fifth.—Said Hunter Creek Water Company, shall bring water from its reservoir now in process of construction about three miles west of the city of Reno, or from Hunter Creek in suitable pipe, or pipe line on or before the first day of July, 1907, (unless prevented by strikes, litigation, or other unavoidable causes) and shall continue to lay good and sufficient water mains and water pipes throughout the streets, avenues, highways, alleys and other public places within said City of Reno (as provided in Section 2 of this ordinance) until the system of delivering water to the inhabitants of the City of Reno is completed.

Sixth.—Said Hunter Creek Water Company, its successors in interest and assigns, shall furnish said city free of charge, sufficient water to sprinkle the

Seventh.—The franchise and property of the said Hunter Creek Water Company shall never be sold, leased or otherwise transferred, nor shall said Water Company unite or consolidate with any other water company operating in said City of Reno, except after ninety days notice to the City Council of said City. Said franchise and property shall not be sold, leased or otherwise transferred to any person or corporation, other than this municipality, except upon terms which shall be more favorable to said Water Company and its stock holders, than any terms duly offered by the said City of Reno during said period of ninety days.

Eighth.—The City of Reno at any time after twelve months notice to said Water Company, its successors in interest or assigns, shall have the right to purchase the said franchise and property at a price to be fixed by a Board of Arbitration consisting of three persons, one of whom shall be selected by the City Council of said City, and one of the said Hunter Creek Water Company, its successors in interest, or assigns, and the third shall be selected by the said two persons selected as aforesaid, and shall be a disinterested person not a resident of said City, nor a stockholder in said Water Company. Any sale of said property and franchise made to said City shall be subject to any then existing mortgage or bonded indebtedness against said property and franchise.

Ninth.—Said company shall assume all responsibility for its own negligence, and shall protect the said city from all liability therefor.

Tenth.—The City of Reno reserves the right to grant other and further franchises to supply the municipality and its citizens with water, but no such franchise shall be granted on more favorable terms to the grantee than those contained in this ordinance.

Section 3.—In the event that said Hunter Creek Water Company fails to bring the waters of said Hunter Creek through its mains to Virginia Street in said City of Reno, for the purposes herein above specified, on or before the first day of July, 1907, (unless such failure is caused by strikes or other unavoidable or unforeseen causes, or litigation), the City Council of said City may, at its option, declare this franchise forfeited, and all rights and privileges thereunder terminated.

Section 4.—This ordinance shall take effect immediately after its passage and adoption, approval by the Mayor, and publication for a period of one week in the newspaper designated in the following section of this ordinance.

Section 5.—The City Clerk is hereby authorized and ordered to have this City Ordinance No. 37 published in the Nevada State Journal for a period of one week.

Passed and adopted this 26th day of June, 1905, by the following vote of the City Councilmen:

Ayes: Mr. Wilson, Mr. Drappo, Mr. Newmarker, Mr. Quinn, Mr. Kinney.
Nays: None.
Absent: None.

TO WHOM IT MAY CONCERN

State Land Office, Carson City, Nevada, May 31, 1905.

Notice is hereby given that the state of Nevada, under the act of Congress approved September 4, 1841; July 4, 1866, and June 8, 1868, has filed in the United States Land Office at Carson City, Nevada, list No. 307 of lands selected under said act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection and a copy thereof by descriptive subdivisions has been posted in a convenient place in said United States Land Office for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice protests or contests against the claim of said State of Nevada to any tract or subdivision described in the list on the ground that the same is more valuable for mineral than agricultural purposes, will be received and noted by the register and receiver of the United States Land Office at Carson City, Nevada for report to the General Land Office at Washington, D. C.

The following are the subdivisions described, to-wit:

Southeast quarter of northwest quarter of section 32, township 19 north, range 19 east, M. D. M., containing forty acres.

WORK BEGINS ON BIG DAM

Force of Sixty Began Carrying Out Government Contract At Tahoe Yesterday

Sixty men started work on the construction of the big government dam at Lake Tahoe yesterday morning. The work was let by the government some eight weeks ago, and is for the purpose of reserving the water in the lake for the irrigation project in the state of Nevada. The dam, according to the contract, must be completed in six months. Contractor Mattle will have to excavate 90,000 yards of gravel and dirt, and should be finished at the depth of fourteen feet a poor foundation he will have to handle even more than the specified amount of earth. In building the dam fully 500 cubic yards of cement will be used.

There will be constructed above the dam a concrete bridge, which will be the passage way between the Tavern and Tahoe City. The bridge will be a model in every particular. It will span the canal which will be 2200 feet long from the dam proper to the shore of the lake. By constructing the dam the distance from Lake Tahoe the government will be able to draw at least twelve feet more water from the lake and thus obviate the necessity of building a big reservoir and raising the water twelve feet, as was first contemplated. If the government had proceeded at first suggested fully \$2,000,000 worth of property would have been damaged.

It has been repeatedly suggested in this community that the government purchase the big dam owned by F. Fleishacker, the millionaire owner of the Floriston paper mills. The government offered Fleishacker \$100,000 for his dam and water rights, but he refused to accept it. When the government completes the new dam it is now building it will draw the water from the Fleishacker dam by constructing a fence extending past the natural outlet of the lake. It is reported that Fleishacker has said the government will have a law suit on its hands if it attempts to draw the water away from its natural course.

BRIGHT'S DISEASE AND DIABETES NEWS

Office Wine and Spirit Review.

San Francisco, July 27, 1905.

To the Editor of the Journal—Dear Sir: The business men of this city who are proclaiming to the world the discovery of the cure of Bright's Disease and Diabetes have asked me as one of the beneficiaries to write to my brother editors. Hence this letter to you. I was as skeptical as anyone. I had a clear case of chronic Bright's disease; was ill for a year. It was not thought I would live thirty days. The president of the Pacific States Type Foundry told my wife about it and against my private convictions I was put on it. In six months my recovery was complete.

I told several who got well. Among them was one of the writers on the has fully recovered. As a brother editor I personally assure you of the truth of the discovery.

Fraternally yours,

R. M. WOOD, Editor.

The above refers to the newly discovered Fulton compounds, the first cures the world has ever seen for Bright's Disease and Diabetes. We are the sole agents. Ask for pamphlet. J. B. McCullough, Reno, F. J. Steinmetz, Carson.

When to suspect Bright's disease—weakness without cause; puffy ankles, hands or eyelids; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

Sacramentans Wed in Reno.

James A. Hall and Luler Lakey, both of Sacramento, were married in Reno yesterday afternoon. The ceremony took place at the Methodist parsonage. Dr. Welch officiating. Only a few friends were present. Mr. and Mrs. Lakey are not known in Reno. They returned to their home in California last evening.

Mrs. White Taken to Hospital.

Mrs. Fred L. White, who has been dangerously ill at her home for the past three weeks, was yesterday taken to St. George Hospital. Mrs. White's condition took a turn for the worse Sunday and a consultation of physicians held Monday morning resulted in her being removed to the hospital.

Tom Smith is Out of Danger.

Tom Smith, whose illness has given rise to grave apprehensions in the minds of his friends, passed the danger point several days ago, and was able to be up yesterday. He has been suffering with malarial fever, and it will be some time before he gets his strength entirely back.

Song Service Sunday.

A song service will be held at the Methodist church Sunday evening. Dr. Welch announces the arrival of the new song books and they will be used.

End of a Ridiculous Custom

A curious custom once in vogue at the court of the kings in England was ended by the quick temper of King George II. It was anciently the custom of an officer of the court to attend the royal banquet on the evening of Ash Wednesday and to crow like a rooster. The exhibition was meant to remind the revelers of the bird whose crowing called back Peter. But George, newly come from Germany, when he first witnessed the performance, knew nothing of what it was intended to signify. The officer stood up, craned his neck, and crowed ten times with all his might. The prince, thinking some insult was meant, leaped angrily from his chair and would not be appeased. The performance was never repeated.

Wanted the Worst.

The proprietor of the cafe smiled on the new customer.
"How do you like the cheese, sir," he blandly asked.
"Oh, I have tasted worse," the patron carelessly replied.
The proprietor looked disappointed.
"Have you sir?" he replied. "If you can recollect the brand I will be only too glad to send for it."—Cleveland Plaindealer.

To Build in Burke's Addition.

W. Spencer, of the New York Mutual Life Insurance Company yesterday awarded a contract for the erection of his new home in Burke's new addition to Reno on the South side. James Daniels of the Washoe Meat Company also purchased a lot in the new tract yesterday. Mr. Daniels is already making arrangements for erecting a handsome house on the property.

HAD A PRETTY ROUGH TIME

James Horsburgh, Convalescent
From Wounds Inflicted by
Burglar, Passes West

James Horsburgh, Jr., assistant general passenger and ticket agent of the Southern Pacific, who was seriously injured in a hand-to-hand encounter with a burglar in his apartments at the Auditorium hotel in Chicago three weeks ago, passed through Reno yesterday to resume his duties in San Francisco.

"Yes I had a pretty rough time of it," said Mr. Horsburgh, speaking of his experience yesterday, "and I hope it will not be my fortune to have another adventure of that kind. I am feeling quite well, although still a little weak. I consider myself fortunate that I was not more seriously injured."

Mr. Horsburgh has been in the hospital in Chicago from the night he encountered the burglar until he got ready to come home. He was under the care of several prominent Chicago physicians. Under their treatment the several wounds made by the burglar's knife in his hands, arms and body have rapidly healed. His nerves, however, are as yet somewhat unstrung. But his friends, as well as himself, think that a rest of a few weeks will restore him to his former vigorous health.

No evidence of the frightful battle in the darkness of his hotel room can be seen in Mr. Horsburgh's face save a small, scar under one of his eyes which it is thought will not prove to be permanent. It was 8 o'clock on the morning of July 10 that Mr. Horsburgh was awakened by a negro burglar climbing through the window of his room. Horsburgh rushed at the fellow and grappled with him. Locked in each other's arms the men struggled from one end of the room to the other. Horsburgh finally managing to loosen the negro's grip on his revolver. The weapon fell to the floor. The negro then got out a knife and cut Horsburgh several times before he made him loosen his grip on it. Horsburgh gave the fellow such a desperate fight that he was finally glad to rush out of the window and down the fire escape. Mr. Horsburgh at the same time fell over unconscious and it was some minutes before he regained his senses and gave the alarm. The burglar has not been apprehended.

Archie Elkins arrived here Tuesday evening from Diamondfield, where he has been located for the past year or more. Mr. Elkins is now on his way to Utah to register for the opening of the Uintah reservation. The registration closes on August 1, after which a public drawing will be held, the land being allotted according to numbers drawn. The reservation is considered among the most valuable owned by the government. As an example, there is already a standing offer of \$60,000 for the privilege of making the selection of the land.

JAPANESE WILL NOT WORK ON THE CANAL

TOKIO, Aug. 2.—The emigration companies here object to sending laborers to Panama to work on the canal on the ground that the conditions there are unsatisfactory.

They assert that there are no arrangements for the care of the sick, no provision for returning home of deceased laborers and allowance for passage money.

They also assert that the drinking water and the sanitary conditions are bad.

The government has placed the question of sending laborers before the emigration companies who found the conditions as above stated.

Scandal Brewing at Santa Cruz
SANTA CRUZ, Aug. 2.—The grand jury which was organized Monday has begun probing the affairs of the Watsonville Transportation Company, which is already in the courts in the shape of sensational charges against the company's board of directors and H. Main and W. Rogers, the former secretary and general manager of the company.

HELD UP BY HIGHWAYMEN

Laborer From Churchill County
Hit On Head With Club and
Robbed of \$35

A man giving his name as Frank Smith was knocked down and robbed of \$35 near the Virginia street bridge at 1 o'clock this morning. Smith claims the crime was committed by two men. One of them struck him on the head with a club. When he regained consciousness his money was gone and his assailants had fled.

Smith had been employed in Churchill county and arrived in Reno yesterday morning.

Planning to Replant Forests

WASHINGTON, Aug. 2.—The forest service is making an examination of a number of western forest reserves to discover what portion of their area needs reforestation and where the planting will best succeed.

After studies in detail have been completed and the desirability of planting has been assured, plans will be made for the reforestation of tracts that are now unproductive.

The preliminary examinations are now being made in Madera and Warner mountain forest reservations of California, in the Gila river reserve of New Mexico, in the Salt Lake reserve in Utah and the Cassia reserve in Idaho.

Funeral of Bennington Victim

BAKERSFIELD, Aug. 2.—Impressive funeral services were held today over the body of Harry Hallet, who died at San Diego Monday from the effects of injuries received on the Bennington. The funeral was held at the home of Mrs. Edmonds, wife of the postmaster and a sister of the deceased marine. A company of the National Guard escorted the remains to the cemetery.

First Payment on Crown Point

W. C. Bovee, on behalf of the Ore. Company, controlled principally by Pittsburg capitalists yesterday made the first payment on a \$35,000 bond on the Crown Point mine in the White Horse district. The bond called for the first payment within thirty days and the fact that it was made is taken as conclusive that the new owners are satisfied.

RENO IS THE HAVEN OF HAPPY HEARTS

Miss Nellie Mayo and George C. Koenig of Marysville, Cal., were married in Reno at noon yesterday. The ceremony was performed by Dr. Welch and took place at the Methodist parsonage. Only a few of the most intimate friends of the happy couple were in attendance.

They arrived here from their California home on the V. and T. train yesterday morning. Mr. Koenig is a well-known resident of Marysville. The bride is also a popular belle of that town. She is well known in Reno, being a former student of the University of Nevada.

Switchmen Aggrieved

The switchmen of Truckee have taken exception to Editor Smith's description of the wreck of a car of dynamite in the yards at that place a few days ago. Mr. Smith cheerfully gives the grieved parties free use of the columns of the last issue of the Republican in setting forth their side of the case.

Foresters in Session

ATLANTIC CITY, N. J., Aug. 2.—At the annual session of the Foresters it was decided to reduce the minimum age to sixteen years while the maximum was made fifty-five years. A policy may be issued as low as \$250, while before \$500 was the smallest.

LUMBER KINGS BUYING ROAD

Boca & Loyaltan Passes Into
Control of Kelley Brothers
Monday Morning

By Monday the formal transfer of the Boca and Loyaltan railroad to Kelley brothers, the lumber kings, will have been made. Negotiations are now in progress at San Francisco. The price to be paid is given out as \$700,000. This only includes fifty-one shares, or the controlling interest in the line. One of the important changes on the eve of the transfer is the resignation of W. S. Lewis, general manager of the road, to whose work the success of the line is attributed.

Whether the change will make a difference in business conditions at Loyaltan is problematical.

Trains Running on a Slow Schedule

MISSOULA, Mont., Aug. 2.—No freight except sidetracked trains is being moved over the Rocky Mountain division of the Northern Pacific road owing to practically a complete tieup of the system by the telegraphers' strike. Everywhere it is possible the long distance telephone is being used to transmit messages.

The men sent out here in anticipation of trouble state that they were induced to come under a misapprehension and with one exception they have refused to work.

All trains are being flagged in and out of stations, but are making very slow time.

The train crews admit that the present conditions result in the most complete tieup ever known on the Northern Pacific.

HELP REACHED HIM TOO LATE

W. D. Rawlings, in Last Throes
of Death, Passes Away After
Arriving at the Hospital

W. D. Rawling died at the county hospital at 1 o'clock yesterday afternoon, one hour after being taken to the institution. The body is now in charge of Coroner Read, pending the holding of an autopsy to determine the cause of death.

Rawlings had been rooming at a house owned by Mrs. J. B. Williams on Second street. He was with a companion named E. T. Morton. Last Friday night Rawling was ill. Morton was taking care of the sick man but on Monday he left for Truckee, paying the room rent until yesterday. Mrs. Williams cared for the sick man as well as possible until yesterday. His condition then became such that he was sent to the hospital.

Deceased was about 55 years of age. At present nothing is known of his relatives. He came to Reno some time ago from Tonopah.
